THE HAPPINESS ADVANTAGE With Shawn Achor

What does being happy have to do with work? We've all been told that if we work hard, we'll be happy. What if that formula is wrong? What if the opposite were true and happiness is the secret to success – at work and at home?

Did you know that optimistic salespeople outsell their pessimistic colleagues by 56%? According to bestselling author Shawn Achor, happy employees have higher levels of productivity. Happy employees also perform better in leadership roles. You might even find that happiness can be your single most important competitive advantage!

The Happiness Advantage training video gives you a formula for improving productivity, overcoming challenges, increasing cognitive abilities, and improving teamwork – all while improving your mindset. This comprehensive train program is based on Shawn Achor's book, *Happiness Advantage: The Seven Principles of Positive Psychology That Fuel Success and Performance at Work*.

The Happiness Advantage training program is available on its own as a 3-part, 38-minute training DVD or as a complete 2 DVD training program that includes five Implementation Modules that provide real world suggestions for leaders and employees who are looking to improve happiness and success.

Social Media at Work [CC] - NEW

Alert employees to online hazards and show them how to use social media wisely and appropriately. [

Social media is everywhere - including our workplaces. While it can serve useful business purposes, it can also open the door to hackers, circulate rumors and abusive comments, create public relations nightmares, and seriously affect productivity. After-hours posts can also have an impact if they violate policies or cause friction between coworkers. How do you avoid the dangers of potential harassment claims, exposure to computer viruses and malware, and release of confidential data? And how do you convince employees that spending too much company time on social media is just not OK? This new video will help, with dramatic scenes filmed on location in a variety of industries that will alert employees to online hazards and show them how to use social media wisely and appropriately.
